# AN hotel with soul

MARIA Kovaïou

p 4

Incarnation of San Francisco, inclusiveness, progressiveness and social ferment is the Zeppelin hotel, opened by Viceroy chain in the heart of the city in March, with rebellious, bohemian mood against the sterile atmosphere of other hotel boutique. At street level, the café of welcoming guests with unexpected design, which seals the psychedelic style of the hotel and pays tribute both bitnik city's past and the past of the building, which is currently Prohibition hid a bar. in the basement, an area of 120 sq. m. the Peace name is configured for game, business appointments and pareistikes relaxation. As for the 196 rooms and suites, from small nest of 19 sq.m. to the presidential suite of 167 square meters, are canvases contrasts, where a retro turntable coexist with a contemporary nightstand with USB ports and a lamp psychedelic '60s with a ntizainati armchair.
